### YOUR FORECAST

It will be sunny all day. After the sun goes down, then it will be considerably darker

If you had one day to spend any way that you wanted, what would you do? Would you sleep all day? How about watch TV? Play on the computer? The only perfect man to ever walk on this earth was Jesus. For Jesus, spending time talking to God was very important.

When you think about how you want to spend your time ask yourself this; "Am I doing good things, or am I just wasting my time?" Time is a special gift, be smart with how you use it, and remember to spend plenty of time with God every day!

### Sports Roundup

Signups for the Stewardville church softball league is today and tomorrow-unless you are really good. Then you have until the first game to sign up.
