### YOUR FORECAST

Today is a good day to have a lemonade stand. It will be hot and muggy so be aware of sweaty people.

### Sports Roundup

The Stewardville Run for a Good Cause had a surprise finish when all of the contestants ran after an ice cream truck. One woman interviewed stated, "I did it to support the working man. The ice cream was an added bonus."

If you were going to build a temple for God, what would it be made of? Would you choose the strongest, best and most valuable material? Or would you go cheap? The truth is that a lot of people try to build God a temple out of junk. Junk food, that is.

The Bible reminds us that our body is God's temple and that we must be good stewards, or managers, of this body we've been given. Things your body needs are healthy foods, water, sleep, exercise and sunlight. God also gave a special seventh day to rest, the Sabbath!

Are you sure? It sounds
