Sports Roundup

Tired of contact sports? Chess classes are available now. The wrestling captain will be teaching until his broken arm heals.

I recently made a list of all of the things that need to be done in order to keep a church working. I ran out of time before I could finish my list. There's a lot to do! The more that people are willing to help out at church, the better church will work.

There is a saying, "Many hands make

light work." That means that when we all share the workload at church, everyone is happy because they could give their talents for God and help teach others about God. If you love God, then you will be happy to work for Him at church. Your church needs you!

They didn't give us any food, Georgie.

That was from the garbage!
