Sports Roundup

Ski Club signups have started. If you have never skied before, we offer ski packages that include accident insurance.

I remember one time I was having a conversation with a friend. He was talking and talking and talking, which would have been fine except he had no idea what he was talking about. One important part of stewardship is sharing what we know about God with other people. There are a lot of people

in the world who don't know anything about God. There are people who haven't even heard God's name! Then there are the millions of people who think that they know God, but are confused about who He really is. That's what happened to the apostle Paul. He started out as a church leader, persecuting the followers of Jesus. Paul was convinced that Jesus was not the Son of God. However, once he learned the truth, Paul went around the world preaching his newfound truth. Paul was the first one to admit his previous mistake about Jesus. I pray you will be brave and share how God has changed your life. If you do, it will change the lives of other people as well.

Mark 16:15

And He said to them, "Go into all the world and preach the gospel to all creation."
